

KNIGHTS OF COLUMBUS HOLD BIG INITIATION IN THIS CITY

Thirty-five Candidates Introduced Into the Mysteries of Order Yesterday-- Big Delegation From Goldfield

About 260 excursionists came over on the Knights of Columbus' special from Goldfield yesterday morning including many members of the order, the baseball team and other citizens. At the depot the Goldfield Knights were met by the local lodge and escorted up town to the 11 o'clock mass.

Father Dermody of Goldfield and Father Fewer of Bishop were here to assist Father Flynn and to participate in the initiations.

Thirty-five candidates were introduced to the Knights' goat and the work of initiating was carried through the afternoon and well into the evening by a team from Salt Lake, composed of J. J. Harvey, G. J. Gibson and S. A. McGinnis. The candidates were from Goldfield, Tonopah and the surrounding camps

and the work was performed in Columbus, the Bartlett residence, on the new home of the Knights of upper Brougher avenue, which has just been purchased by the lodge and will be altered and rearranged so as to make one of the most delightful lodge and club rooms in the state.

At 9 p. m. a banquet was given at Elks hall with about 130 members of the knights present, and with good things to eat, appropriate toasts and informal speeches, the time passed almost too quickly until the hour of 11, when the train was scheduled to return to Goldfield, and all departed for home, thus bringing a day that will long be remembered as a "red letter" one in the history of the order in Southern Nevada.

MEXICAN MURDERER PAYS THE PENALTY FOR CRIME

SAN QUETIN, June 19.—Juan Magana, a Mexican, 24 years of age, was executed at the state prison here Saturday for the murder of James B. Lamkin at Porterville, California, on February 18 of this year.

He went to the gallows calmly and said nothing from the scaffold. In the death chamber during the morning of Saturday asked that his parents in the City of Mexico be notified of the manner of his death, though his brother might be notified.

WILL ABIDE BY ARBITERS' RULE

DISPUTE OVER CHAMIZAL ZONE IS SETTLED BY ARBITRA- TION BOARD.

MEXICO CITY, June 19.—Without protest Mexico will abide by the decision of the arbitration court in the case of the Chamizal zone dispute at El Paso, according to a statement made by the department of foreign affairs. The opinion is also expressed that the United States will accept the decision of the arbiters, "since not to do so would be a violation of the agreement to submit to arbitration."

The arbiters gave part of the land to each country.

An official of the foreign office said he is quite satisfied with the decision of the court and intimated that the report, when made public, will show that Mexico is the winner. He said the statement that an equal division of the disputed territory has been made was inaccurate. Unofficially he said the arbiters effected a compromise, but that four-fifths of the district was decided to be Mexican territory.

NOVEL OUTFIT PASSES THROUGH THIS CITY

A party of travelers passed through this city yesterday with a four animal covered wagon outfit. The sides of the rig bore the legend: "The Death Valley Overland." The leaders of the team were two burros while the wheelers were a couple of Indian ponies. It was surely a novel outfit.

ELECTRICIAN BALDWIN RECOVERING RAPIDLY

Friends of Electrician Baldwin, of the Idora theater, will be pleased to learn that he is rapidly recovering from a severe attack of pneumonia. Mr. Baldwin has been very ill and a few days ago some doubt was expressed as to his recovery.

Our ads bring results.

JOHN Y. M'KANE PASSED AWAY IN SAN FRANCISCO

FORMER TONOPAH PROMOTER AND REPRESENTATIVE OF SCHWAB DIES.

John Y. McKane, one of the many unique characters that Nevada boasted of during the height of the Goldfield and Tonopah excitement, died shortly after midnight Saturday at St. Luke's hospital, San Francisco, to which institution he had been removed from the St. Francis hotel three days before. Death was due to pneumonia.

McKane was formerly a Montreal banker, who abandoned the more practical financing for the more exciting life of the western mining camp. He made several fortunes in Nevada and was credited at one time with being three times a millionaire, but he spent his fortunes as fast as they came to him.

For a time he was Charles M. Schwab's representative, and engineered the sale to the Pittsburgh millionaire of the famous Tonopah Extension.

His fortunes gone and the excitement in Nevada having subsided, McKane went to Cobalt, Canada, and retrieved his losses.

About this time he conceived the idea of entering the British parliament, and returning to Scotland, his native land, he invested several hundred thousands of dollars in newspapers and launched himself into a campaign that cost him as much again.

A man of magnetic personality and possessed of wonderful oratorical ability, he attracted attention throughout Great Britain in his campaign, which was conducted along American lines, but his wealth and his brilliancy did not gain him a victory.

Returning to this country he re-engaged in mining with but moderate success.

McKane was about 50 years old, and is survived by a widow. His funeral took place in Oakland today.

John McKane, promoted the Extension. McKane Mining company, Red Rock and Golden Anchor companies in this camp and done much for Tonopah in the early days.

GYMNASIUM CLASSES TO START AT ONCE

Professor Braun has announced the following classes at the Volunteer Firemen's gymnasium:

Business men's class—Monday and Thursday evening, 8 to 10.

Regular classes for men—Wednesday and Friday evenings, 8 to 10.

Ladies' classes—Tuesday and Thursday afternoon, 2 to 4. This class will commence tomorrow afternoon, and all ladies are requested to call at the gymnasium at 2 p. m. to meet the professor and his wife, and arrange for gymnasium suits.

Boys' classes—Monday, Wednesday and Friday afternoon, 2 to 4:30.

These classes promise to have a large membership, as quite a number have already signified their intentions of taking instructions under Prof. Braun, who has made gymnasium work a life study and who has done excellent service in putting the gym on a paying basis by getting

MANHATTAN MAKING STEADY BULLION SHIPMENTS LATELY

That Manhattan is a steady producer of the yellow metal is being attested daily. Last Saturday \$4700 in bullion came in from that camp as the result of cleaning up the plates at the War Eagle mill after a run of some ore from the Bath brothers' lease on the Union No. 2, of the Lithiation Hill Merger Mine. The returns from the precipitates are yet to be heard from.

The neat sum of \$7800 was also received by the Tonopah Banking corporation Saturday from Selby's

TWO VAUDEVILLE ACTS AT BUTLER FOR THIS WEEK

COMPLETE CHANGE FOR TO- NIGHT—FINE LINE OF PICTURES ALSO.

At the Butler theater for tonight an entire change of vaudeville and pictures will be shown. The management has provided two separate and distinct acts. Baby Mildred, a little miss new to Tonopah, will make her first appearance; she is billed as the cleverest child actress on the American stage. She will be heard in songs and dances. But one of the stellar attractions of the season and one that is creating intense interest wherever it appears is the great Zamloch company, in their wonderful act, entitled: "Huhorous Spiritua Mystigor," in which is introduced entirely new and mysterious work, notably the talking table, drum and hat; a feat that has caused more mystified wonderment and more guessing than any act of a similar nature now before the public.

It is the greatest thing in legerdemain, spiritualism, occultism, or whatever it may be called, that has yet been introduced. Zamloch's rank stands high on account of his own inventive powers and the clever work he has involved for himself. His able assistant, "Billy," an original character himself, supplies much humor during the act and induces those "now to laugh who never laughed before, and those who do laugh to laugh the more."

These clever performers will have something new each evening, and the management guarantees a treat to all attending the Butler this week. The pictures, as usual, will change tonight, and our orchestra will be heard in standard selections. The price of admission for this show will be the usual price—10 CENTS.

DETECTIVE BURNS AND HOSICK BOTH INDICTED

INDIANAPOLIS, June 19.—Private Detective W. J. Burns and City Detective James Hosick of Los Angeles were indicted on charges of kidnapping John J. McNamara, secretary of the International Association of Structural Iron Workers, from this city, and McNamara was indicted on charges of conspiracy to dynamite, by the Marion county grand jury Saturday.

HEFFERNAN IS NOW A BROKER IN PORCUPINE

A letter received yesterday from Senator William F. Heffernan, formerly of Goldfield, but now of Porcupine, Ont., indicates that he is now engaged in the brokerage business in the new gold camp, and will probably not return to Goldfield. He states there are about 40 Goldfield men in the camp.—Tribune.

YOUNG LADY WHO AT- TEMPTED SUICIDE LIVES

Vivian Lewis, who made an attempt on her life last week at Millers, and was brought to this city under the care of Dr. McLeod, is now reported to be out of danger.

MANHATTAN MAKING STEADY BULLION SHIPMENTS LATELY

for precipitates shipped from the ore run by the White Caps Leasing company a short time ago, and this morning the corporation received a \$500 brick from Steffner and Carpenter, who are operating at the Pine Tree camp. This gives the handsome total, which can be credited to Manhattan for the past week, of \$13,000 and, considering that mining in that little camp is being carried on by small companies, who are making the mines pay their own expenses, the showing is a remarkable one.

TONOPAH BOYS WIN FIRST BALL GAME FROM GOLDFIELD

Local Lads Take the "Semi-Pros" From the Southern Camp in Easy Fashion With a Score of 16 to 6

Tonopah 16 and Goldfield 6, and it might have been more, if the local boys had not taken compassion on the country lads in the "alleged" game of baseball yesterday afternoon at Volunteer park.

The "all stars" from the southern city arrived on the special about 11:30 a. m. and their manager and rooters were informing everyone about town "of their wonderful team work," their eastern college boys with the mysterious shoots and curves" and their world's record foot racer, who was going to make a home run on an infield ball.

Their dope might have been all right, but the "effect of the shot" had died away while they were warming up for the game, and as they were out of the dug, they were hopelessly lost. The local boys found those wonderful curves for at least twenty hits, and in return the Goldfield lads could not even find a part of Prout's delivery, the latter striking out twelve of the heavy hitters and three of them retiring on "pop" fouls, leaving twelve putouts to be fielded, and several of these were caught asleep off the bags.

The Tonopah boys all played good ball. Their fielding was good and their batting was better. They even got so audacious as to steal bases on the "semi-pros," as the Goldfield Tribune styled the bunch from the southern burg, and in the latter part of the game, while Reiley and Lamer, the invincible battery of the visitors, were dishing up some of their fast ball, Captain

Peck, of the Volunteers, stole from third to home.

Two or three hundred dollars changed hands as a result of the game, and about this sum has already been wagered on the outcome of the game for next Sunday, when the local team will journey to Goldfield to meet the Invincibles" on their own grounds.

Over 600 people were at the park yesterday, and the financial end of the first game of the series which is to be played between these two teams was a great success.

The humorist who writes the sporting news for the Goldfield Tribune had the following paragraphs in the Saturday issue of that paper:

Lamer of Goldfield had offers made from the New York Giants for a tryout season.

Hopkins at second is very fast and covers a world of ground.

Don't forget the time train leave—8 a. m. and special at 10 a. m.; returning, leave Tonopah at 7 p. m. and 11:30 p. m.

A number of the smart set are making up auto parties to take in the contest.

Manager Grier has arranged with Manager Griffin of the Exchange theater to phone the game by innings, so that a slide can be run for the first show.

Cresby on third for Goldfield is showing up very fast this spring and should be heard from before the season closes.

The Goldfield "bunch" are fine boys, but when it comes to playing baseball they are "nit."

PRETTY WEDDING AT ST. PATRICK'S THIS MORNING

A pretty church wedding was solemnized at St. Patrick's church this morning by Father Flynn when Catherine E. Clark became the wife of Patrick Harrington.

Patrick J. McHugh acted as best man and Misses Ethel and Irene Farrell attended the bride as the maids of honor.

Mr. and Mrs. Harrington are well and favorably known in Tonopah and have many friends who wish them happiness through life. The newly weds departed on the morning train for San Francisco and Southern California points, and after a short honeymoon, will return to Tonopah to make their future home.

THANKS WE GIVE FOR NICE WHITE EGGS

Carson City has a number of chicken fanciers, and for this fact we are thankful. It benefits us to the extent that Rev. Pike has brought us a dozen of the eggs that are the fruits of his white Wyandottes and have also received a dozen of nice fresh eggs from J. Castle, the production of his Rhode Island Reds. Most people think that eggs are eggs, but they do not know what hen fruit is until they have tried eggs from these famous hens.—Carson News.

Think of a poor editor living on hen fruit donated by a minister! It sounds like a lie!

FORMER PRESIDENT CALLS HIS COUNTRYMEN INGRATES

CORUNNA, Spain, June 19.—Physically enfeebled and sore at heart, General Porfirio Diaz, an exile from the republic of which he was the chief builder, has issued a formal statement in which he justifies his administration as president and reproaches his countrymen for what he describes as their ingratitude.

When you visit the Idora leave your cares and worries at home.

NEW MINING CO. IS INCORPORATED TO OPERATE HERE

The East Belmont Mining company of Tonopah was incorporated June 16, and held its first meeting Saturday. The complete list of directors cannot be given at this time as the board was not completed, but it is understood that it will contain the names of several gentlemen of well known standing in the financial world.

This property consists of eight claims, lying in an easterly direction from the Belmont, and in direct line with the trend of the ore bodies of that property. Options have been secured from other properties adjoining that will bring their holdings to join the Mizpah Extension on the east, and but a short distance from the Halifax property. It is understood that as soon as the full board is named that operations will commence and work be pushed ahead, as the encouraging surface indications found warrant the belief that they will not have to go to a very great depth to uncover another bonanza, which Tonopah seems certain of getting in the course of the next year. It is not known as yet whether any of the initial stock will be sold in Tonopah or not, as most of this stock has been spoken for in advance by outside interests.

Fred W. Durner will be resident agent; C. F. Stevens, of the West End, will be secretary.

GEORGE M'FADDEN DIES AT MANHATTAN SUNDAY

Word was received here this morning that George McFadden had passed away at the Miners' hospital at Manhattan at 5 o'clock yesterday afternoon. Deceased was a son of Bert McFadden and was well-known in Tonopah. This is the second death in the McFadden home within a year, a daughter of Bert McFadden being summoned by the Angel of Death last winter.

Dr. McLeod was called to attend young McFadden yesterday afternoon, but before he could arrive the young man had passed away.

PERSONALS

Comings and Goings of Our Local People and Others

Mr. and Mrs. Roscoe Barrett have returned to Tonopah.

J. P. Jayne of Manhattan is in the city.

Fred L. Miner, of the Goldfield Tribune staff, came over with the rooters from the southern camp yesterday morning and was among the mourners to return on the 7 o'clock train.
